*****WARNING*****

Power tools may strip bolts or screws. Hand tighten bolts to only about 75% tight. Do NOT completely tighten any bolt during assembly until all bolts and washers are connected. Having someone help you may make assembly easier.

Reaching out via product review, marketplace email, social media or leaving seller feedback may cause a delay in response. If you have questions about this product or need anything, please contact us. You are our priority!

Wooden Floor Lamp

Easy Installation

Please as the following steps from A to D for your reference:

A. Step1-6:Jabbing and screwing bits in place,secure with the provided hexagon wrench.

B. step7-8:The three legs are fixed at the same time through the metal fastening clasp to ensure the stability of the three legs.

C. step9-10:Put the two rollers in the lampshade in the same direction and press them on the plastic buckle to make them completely coincident.

D. step11:Place the lamp cover at the bulb interface.
